

SCHEDULING INFORMATION

- CoS adventures are generally scheduled on Tuesdays and are recommended for Grades 4 and up.
- Please allow at least 3 1/2 hours to experience all three facilities.
- Visit all three sites for just \$12 per person for groups of 25 or more! A non-refundable deposit of \$25 may be required. All cancellations must be received within 48 hours.
- Picnic tables are available at the BCC Planetarium and the Brevard Museum.

Educational materials used by the Circle of Science are aligned with the Sunshine State Standards in science.

TO SCHEDULE A FIELD TRIP TO THE CIRCLE OF SCIENCE

Contact: Penny Hall
Florida Solar Energy Center
1679 Clearlake Road
Cocoa, FL 32922

Email: Penny@fsec.ucf.edu
Phone: 321-638-1018

Checks should be made payable to:

BMHS

and sent to:

**BREVARD MUSEUM OF
HISTORY & SCIENCE**

2201 Michigan Avenue,
Cocoa, FL 32926

LOOKING FOR A NEW STUDY TRIP EXPERIENCE?

Join our experienced guides as they lead you on a fun, educational adventure through the Circle of Science. Your hike around the Circle offers three views of energy in our world: past, present and future.

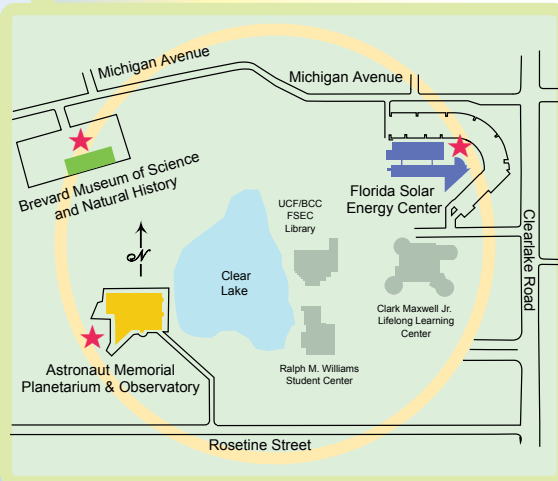

WHAT IS THE CIRCLE OF SCIENCE?

The Circle of Science (CoS) is a collaborative effort among the Florida Solar Energy Center, BCC Planetarium & Observatory and the Brevard Museum of History & Science.

The goal of the CoS is to provide meaningful, thematic learning experiences that inform, challenge and excite the learner to delve deeper into topics of importance. On this journey you will discover how energy influences our lives and the world around us - past, present and future.

WHERE IS THE CIRCLE OF SCIENCE LOCATED?

The three attractions that make up the Circle of Science are located in central Brevard County, south of the Beachline (S.R. 528) adjacent to the Brevard Community College campus in Cocoa. Florida Solar Energy Center, 1679 Clearlake Road; Brevard Museum of Science, 2201 Michigan Avenue and the Planetarium entrance is on Rosetine Street.

WHAT WILL YOU SEE AT THE CIRCLE OF SCIENCE?

BREVARD MUSEUM OF HISTORY AND NATURAL SCIENCE

Imagine yourself in a time when travel was by horse and there was no air conditioning. How did the Florida Cracker cowboy survive? How did they get the name Cracker? Experience how they worked, ate, and lived. And when you have finished that adventure, take some time to meander through the nature preserve on paved walking paths as you imagine life in Brevard years and years ago. Call 321-632-1830 or go to www.brevardmuseum.org to visit our website,

FLORIDA SOLAR ENERGY CENTER

Tour the facility where energy efficient technology and building design research come to life. Try hands-on experiments and activities that demonstrate how we use renewable energy. Learn about the research being conducted at the Energy Center. Find out what is happening today. Visit www.fsec.ucf.edu or call 321-638-1018. For student activities visit: EnergyWhiz.com

BREVARD COMMUNITY COLLEGE PLANETARIUM & OBSERVATORY

Explore our interactive exhibits. Enjoy an exciting planetarium show or watch a large format movie such as SolarMax, with its breathtaking photography. You will be amazed! Visit the website at www.brevardcc.edu/planet or call 321-433-7373.
